VISQUEEN AGRI-S Silage covers

Available in:

- | | |
|--------------|--------------|
| 24ft x 75ft | 36ft x 75ft |
| 42ft x 75ft | 46ft x 80ft |
| 52ft x 80ft | 60ft x 80ft |
| 60ft x 100ft | 60ft x 120ft |

- Exceptional tear resistance
- Longer lifespan resulting in better value for money
- All weather protection with UV inhibitor to resist sunlight damage

VISQUEEN CLINGSEAL

- Reduces air pockets to enhance effectiveness of conventional sheeting
- Reduces top and shoulder losses in the clamp
- Facilitates faster, more efficient fermentation

Volac Sila Net

15 x 20mtr & 15 x 10mtr
Rolls Available

Acorn CROP PACKAGING BALE WRAP

Suitable for round and square bales. Available in Black, Green White. 750mm wide.

Film&Film Wrapping

The Film&Film (F&F) Wrapping System is a revolutionary dual film technology that delivers superior quality silage through greater bale density and an enhanced oxygen barrier.

- Increased oxygen barrier around barrel
- Better shaped, better protected bales
- Peels cleanly from the bale
- No need to separate films for recycling
